

UPPERWOOD QUARRY AND STANDING STONES ACCESS

The telephone number printed on page 214 of Western Grit for Upperwood Farm is incorrect. The number should be 01457 872094.

Note also that you need to ring this number to get permission to climb at Standing Stones as well since that is also on land owned by Upperwood Farm. Additionally, Standing Stones should only now be approached from below as described in the Ravenstones approach on page 202.

THE LANCASHIRE SUPPLEMENT MiniGUIDE

You can now download this supplement which contains information on several extra buttresses at Wilton 1 and Anglezarke.

The MiniGUIDE is contained in the FREE Grit Update which has some minor corrections for Peak Gritstone East and Western Grit.
