

POKETE
= the belayer

Looks like it's getting interesting. I suppose I'd better start paying attention

I do hope he gets to the top.

Stuff that! Fall off you slimey toad!

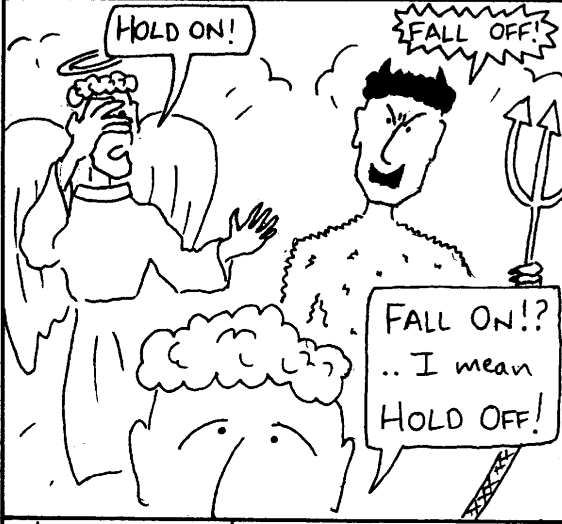

How can you say such a thing about your friend and climbing partner?

Bollocks! I failed on this so there's no way he's going to get up it!

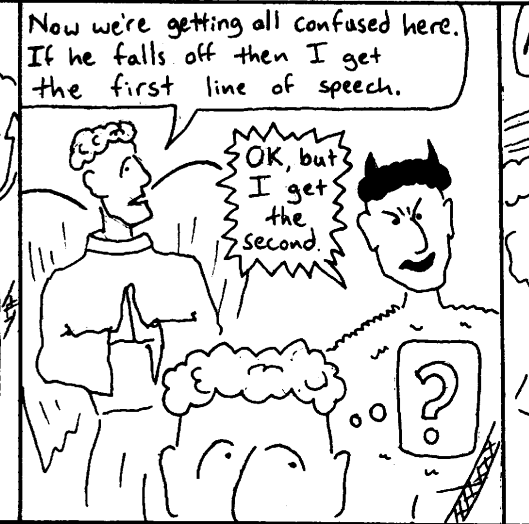

He's wobbling!

HOLD ON!

FALL OFF!

FALL ON!?!
... I mean HOLD OFF!

Now we're getting all confused here. If he falls off then I get the first line of speech.

OK, but I get the second.

Anyway, he's still climbing

Bet he pulled on the quickdraw

He's trying so hard.

Shake baby! Shake!

WHIPPER!

Bad luck, that was a good effort You almost reached the hard bit.
